OUR COMPANY

Total Building & Property Management Pty Ltd (TBPM) is a Sydney-based building management company specialising in residential, commercial, and mixed-use strata buildings. The company provides professional building management services focused on efficient operations, preventative maintenance, and effective contractor coordination, along with cleaning, gardening, and concierge services. TBPM works closely with strata managers, owners corporations, building committees, contractors, and residents to ensure buildings are maintained safely, efficiently, and to a high professional standard.

TBPM was founded by Ajit and Steve, who bring extensive experience in building management and construction. Ajit has over 10 years of experience managing residential and mixed-use buildings across Sydney, with expertise in building operations, contractor coordination, and preventative maintenance. Steve brings more than 20 years of experience as a specialist builder involved in residential developments and remedial works, providing valuable technical knowledge in building structures and long-term asset maintenance.

Our mission is to deliver professional, reliable, and proactive building management services that protect property assets and enhance resident satisfaction. Our vision is to become one of Sydney's most trusted building management providers through consistent service quality and strong long-term client relationships.

OUR SERVICES AT GLANCE

A diagram consisting of six hexagons arranged in two columns of three. The hexagons are white with thick black outlines. The text inside each hexagon is green. The left column contains 'On- Site Building Management', 'Concierge Services', and 'Gardening Services' from top to bottom. The right column contains 'Remote Building Management' and 'Cleaning Services' from top to bottom, with the bottom position in the column being empty.

FEE PROPOSAL AND SCOPE OF SERVICES

Strata Plan 89302

FEE PROPOSAL

The fee proposal below covers all standard daily, weekly, monthly and periodic cleaning tasks required to keep the common areas of the scheme clean, presentable and compliant.

We have reviewed the registered strata plan for SP89302 – Park Grove, 43-45 Wilson Street, Botany NSW 2019 (Bayside LGA), and note 176 registered lots made up of 158 residential and 18 utility lots. The scheme comprises two towers over a shared basement — Building E (6 levels) and Building F (7 levels). Our program is scoped to the shared common areas: internal corridors and lobbies to both towers, the basement car park, the two basement bin-chute collection points, the garbage room to each building, and the communal rooftop terrace to Building F.

We confirm we have the skillset, staffing and equipment to service your scheme, and refer you to our capability statement annexed to this proposal
